

New year's Party in Wadi Ram

The year 2011 is coming to its end. Whatever this year was, all our expectations and hopes are with the coming 2012 and what better way than a feast in the Desert which would honor this New Year and let us go back home genuinely happy and full of good resolutions.

The Wadi Rum in Jordan is one of these places in the world where the magical spirit of the desert falls over you in a symphony of lights and shadows.

Our Bedouin Team, lead by Khaleid , will prepare the traditional Mansaf and will sing and dance, at the sounds of the Ud and the beat of the Darbouka, to the clear hours of the first dawn of 2012.

It will be an unforgettable party, and the best way to start the New Year.

If you want that we organize a party for your group (10 persons minimum), you can just come to the Wadi Rum the 30/12 or 31/12 on your own.

You will enjoy one or two nice days in the Desert (Jeep, Trek or Camel Safari at your choice)

The nights will be spent in the Bedouin Camp of Khaleid as will be the last party of the year...

But hurry up! 2011 is almost finished...
